

**68th ANNUAL MEETING
AND
2022 QUALITY PAVING
AWARDS**

November 18, 2022

A Message from WAPA's 2022 President

Welcome to the 68th Annual Washington Asphalt Pavement Association Awards presentations. Thank you all for coming and I hope you enjoy the program. After two years of presenting awards virtually, it is great to be back in person to honor the outstanding paving jobs of our member companies!

It has been a privilege and an honor to serve as the President of WAPA this past year as we've transitioned back to a more normal way of doing business. Similar to all the industry issues we've traditionally tackled, WAPA was at the forefront of helping member companies navigate through the ever challenging, ever changing landscape of the pandemic. I am proud of our member companies and the way we handled worker safety and health issues while continuing to deliver outstanding products to the traveling public of Washington state.

As Board President, I am a relative newcomer in WAPA terms, first becoming involved with the Association in 2014. I was immediately impressed with the member companies genuine desire to improve pavements and worker safety and to tackle other issues important to our industry, such as funding. I was also impressed with the collaborative relationship WAPA has with WSDOT to make our industry better. Thanks to each and every WAPA member for your willingness to donate your people, time, and resources to constructively move our industry forward.

I would like to take a moment to acknowledge the outstanding job and thank Dave Gent for what he does for us as our Executive/Technical Director and to April Tinnin for what she does for us as our Executive Assistant. I'm excited that WAPA will be bringing on Kim Schofield next year as our new Technical Director. I also want to acknowledge and thank Tom Gaetz for his many years of service to WAPA, as he transitions into retirement.

Our deep appreciation is in order for our pavement award partners too - APWA-WA, WSACE and WSDOT. Their partnership in recognizing high quality paving projects from across the state is key to our mission to celebrate our joint accomplishments. And, of course, congratulations to all of this year's award winners for the outstanding projects we will be showcasing this evening!

Lastly, I would like to welcome Scott Wilms from Shamrock Paving as the incoming WAPA President. I wish Scott, and all of you, a safe and successful 2023!

John Madden, Inland Asphalt Paving Co.
2021-2022 WAPA President

2022 Officers and Executive Committee

John Madden- <i>Inland Asphalt</i>	President
Scott Willms- <i>Shamrock Paving</i>	Vice President
